Discharge Notice of Financial Assistance and Payment Options

Help Paying Your Bill

Keck Medicine of USC is dedicated to ensuring that compassionate, quality care is extended to all, regardless of their ability to pay. Keck Medicine of USC's Financial Assistance Program and discount options help to make medically necessary services available to members of its community. This includes people who don't have health insurance and can't pay their hospital bill, as well as patients who do have insurance but are unable to pay for their care. Depending on circumstances, income and family size, some patients will not be required to pay for services; others may be asked to make partial payment. Keck Medicine of USC will not charge patients more than AGB (amounts generally billed) for emergency or other medically necessary care.

Patients whose family income is 400% or less of federal poverty guidelines may be eligible for assistance through Keck Medicine of USC's Financial

Assistance Program. If you are uninsured and having services performed at Keck Medicine of USC, we can help you with the Medi-Cal application process. During open enrollment you may be able to obtain coverage under Covered California. We have many ways to assist you and your family.

Since California law does not allow the hospital to employ physicians, the Financial Assistance Program does not necessarily extend to physician services. However, the law requires certain physicians to limit expected payment from eligible patients who are uninsured or have high medical costs, or whose income is at or below 400% of the federal poverty level. (For information on poverty guidelines, visit the U.S. Department of Health & Human Services website at: <https://aspe.hhs.gov/topics/poverty-economic-mobility/poverty-guidelines>)
